3. Multimodal Board Requests

PSM Ford presented the item and answered informational questions from the APC.

- a. Bike Rack
- b. Pedestrian Crossing at N. Old Woodward Garage

4. Lot 5 Repaving

PSM Ford presented the item.

- a. Two Phase Project

5. 2018 Parking Plan

PSM Ford, Ms. Burch, and Ms. Jay answered informational questions from the APC.

APC comments were as follows:

- Variable pricing is an interesting way to manage demand;
- Birmingham does not consider the aggregate estimated parking demand in its planning;
- Switching the monthly parking passes to daily parking passes or passes that debit an account with every use could be used to encourage people to take alternate modes of transportation or to park in the lower-demand garages;
- Given that employers purchase most of the monthly parking passes, changing the rate structure might be less likely to change parking utilization patterns; and,
- Increased signage directing parkers to the lower-demand garages and lower-demand street parking zones would be appropriate.

6. Misc. Communication

PSM Ford answered informational questions from the APC.

a. EV Charging RFP

It was noted that most cities have level two EV chargers and charge for use of the EV chargers.

b. June APS Update – Reports

7. Meeting open to the public for items not on the agenda

It was discussed that the APC needs clarification on whether some of the overnight parking counts from Pierce are accurate. If they are, the APC should consider some kind of action to address that trend.

It was also discussed that the APC should also consider whether vehicles parked on an earlier day should receive free egress on Sundays in the garages, or whether it is more appropriate to only allow vehicles both parking and leaving on Sunday to park for free. Shifting to the latter option could allow for the capture of more revenue and more parking count data.

PSM Ford said he would supply the parking fund totals in the monthly APC packets moving forward.

8. Adjournment

No further business being evident, the meeting adjourned at 8:30 a.m.

MEMORANDUM

Department Name

DATE: August 2, 2023

TO: Advisory Parking Committee

FROM: Aaron Ford, Parking Systems Manager

SUBJECT: Short-Term Parking Pilot

INTRODUCTION:

Staff is recommending converting the proposed four new parking spaces on Brown St. along the south curb between Old Woodward and Woodward to "short-term" parking to allow for deliveries.

BACKGROUND:

Birmingham has been experiencing an increase in the need for "short-term" parking. The narrowing of Old Woodward and Maple have made it harder for delivery trucks (i.e. UPS, FEDEX) to park temporarily, along with the increased popularity of Door Dash, Grub Hub, and patrons picking up takeout has led to guests parking illegally in ADA, bike/motorcycle spots, and in the left hand turn lane on Old Woodward.

As part of the approved repaving of Brown St. between Old Woodward and Woodward Avenue, the City Commission approved the installation of four new metered parking spaces on the south curb of Brown.

City staff is recommending that instead of these four new parking spaces being used for metered parking, that the spaces be used as a "Short-Term" parking pilot. The pilot would consist of converting the four spaces to a "15 Minute Short Term Parking" zone, that would allow for patrons to park temporarily to make deliveries. The intent would be that UPS, FEDEX, and semi's making deliveries could use this zone as a place to park temporarily so they are not blocking driveways or parking in left-hand turn lanes. Patrons picking up or dropping off for Door Dash and Grub Hub could also use the zone so they do not feel the need to park illegally as well.

Pavement markings and signage would need to be included to ensure compliance. The Police Department has been consulted and has agreed to enforce the 15-minute parking limit during the proposed pilot. Putting a time limit allows Parking Enforcement the ability to time stamp vehicles and issue a ticket to those who stay too long.

At the conclusion of the pilot, findings can be reported to the APC for review at which time a recommendation can be made to the City Commission to either implement the "Short-Term" parking permanently or to convert the spaces to metered parking as originally intended.

LEGAL REVIEW:

None

FISCAL IMPACT:

There are not currently metered parking spaces in this area today. However, the plan currently calls for the installation of four new metered spaces. There is no loss of revenue because they currently are not generating revenue.

SUSTAINABILITY:

None

PUBLIC COMMUNICATIONS:

None

SUMMARY:

Staff is recommending the implementation of a "Short-Term" parking pilot at the four proposed parking spaces on Brown St. between Old Woodward and Woodward. The spaces would be used for deliveries, Grub Hub, and Door Dash. At the conclusion of the pilot a recommendation will be sought to either proceed with a permanent solution or convert the spaces to metered parking.

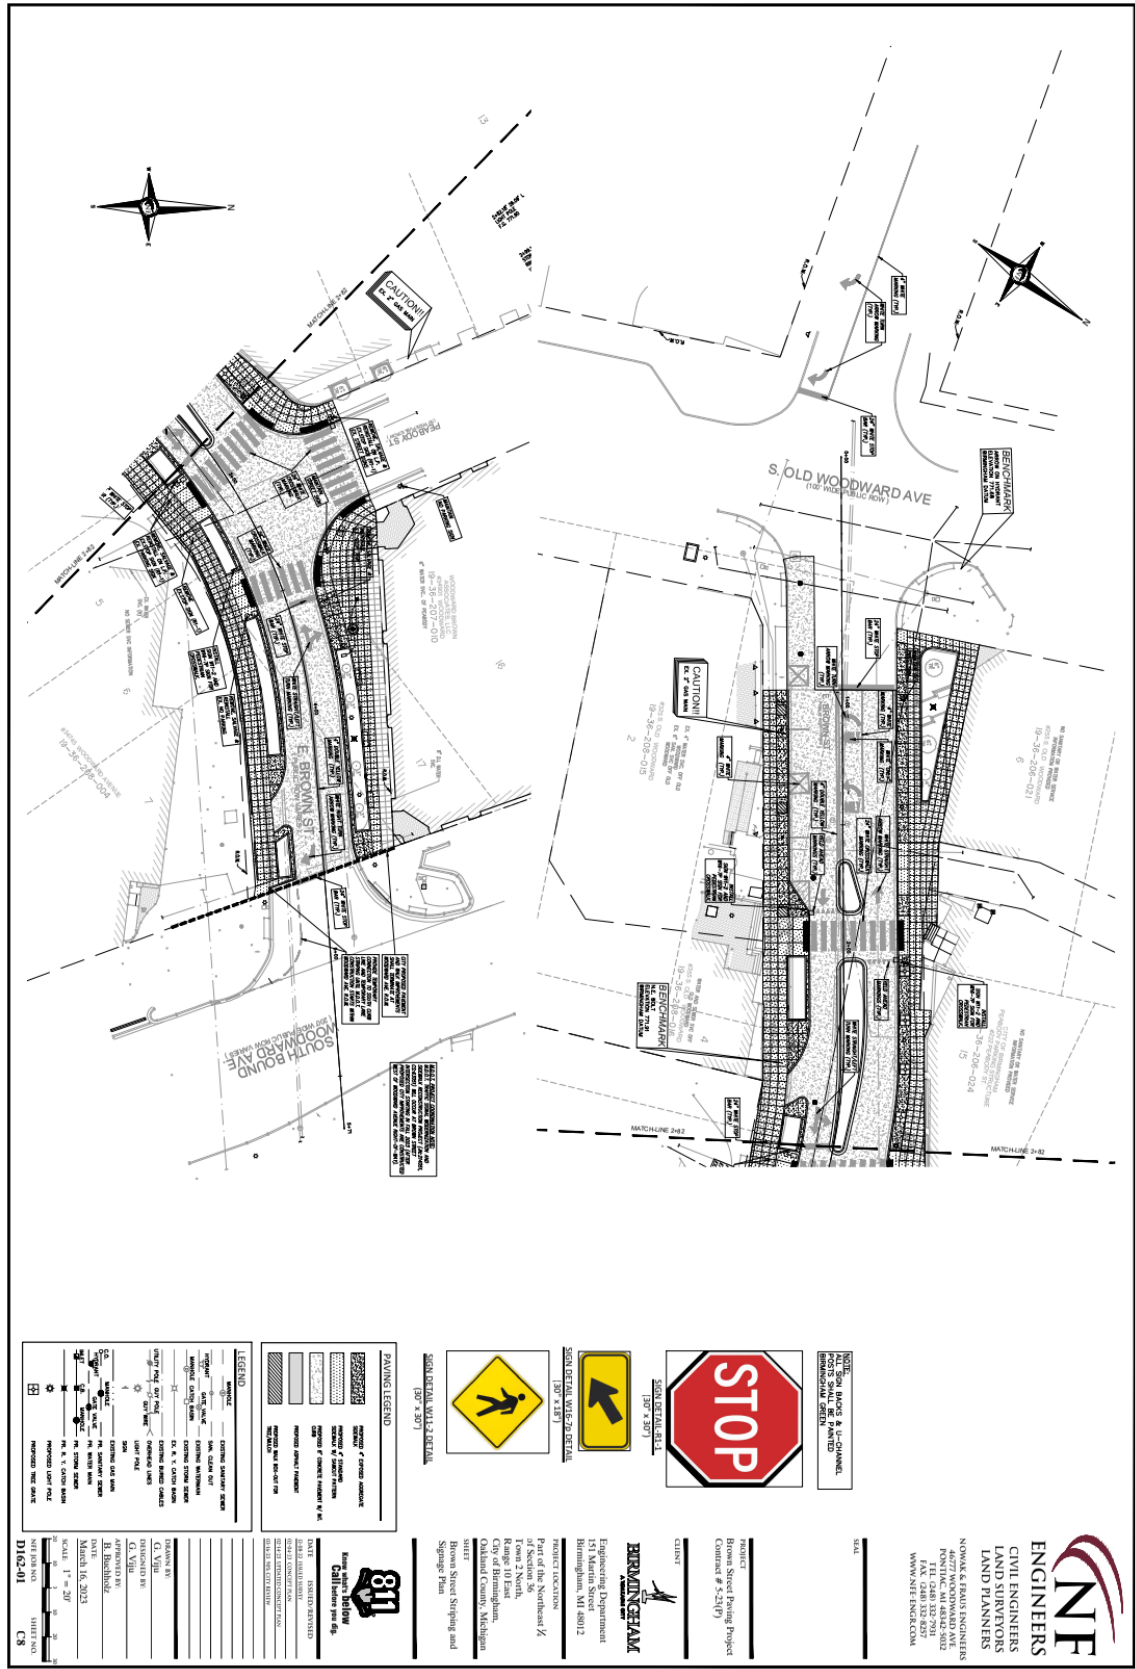

ATTACHMENTS:

SUGGESTED COMMISSION ACTION:

Make a motion recommending to the City Commission approving the pilot of "Short-Term" parking spaces on Brown St. between Old Woodward and Woodward Avenue.
